Japanese Says London Victory Due to Sincerity
(BY CABLE-REUTERS DISPATCH)
TOKIO, Aug. 18.—"Time played a part in the success achieved by the British Ministry, wherein there are comparatively few statesmen, but the greatest contributing cause for the cutting of the last knot of the war tangle was the sterling sincerity wherein the negotiations were conducted, with the complete absence of intriguing diplomacy," says Baron K. Shidehara, former Japanese Ambassador to the United States, commenting on the London agreement. "In the future diplomacy must go marked, showing a real heart. Hereafter there will be absolutely no use for Machiavellianism."

Three Men Slain in Five Corned Texas Gun Fight
(BY A. P. NIGHT WIRE)
TEXARKANA (Ark.) Aug. 18.—Three men, Walter Armstrong, 30 years of age; Charles Dixon, 26, and Jim Dixon, 29, were shot to death in a five-cornered gun fight in the main street of Pooke, near here, today, according to a dispatch to the Texarkana. William and Stuart Armstrong, sons of the dead men, are alleged to have shot the Dixon brothers.

Carbon Black Plant Will Rise at Ranger
(EXCLUSIVE DISPATCH)
RANGER (Tex.) Aug. 18.—Construction of a carbon black plant near here will be started soon by the Phillips Petroleum Company of Ranger. The proposed plant will cost \$250,000, it is stated, and under authority granted by the oil and gas division of the State Railroad Commission it may burn a maximum of 11,000,000 feet of residue natural gas a day. This gas will be obtained from the casinghead gasoline plants of this district.

Bull Dog Attacks Man Asleep in Bed
MONROVIA, Aug. 18.—Max Copping, employed by T. F. Stone at the Nuburum Town and Country Club riding stable, is suffering from bites in his right palm and arm by a bulldog which he befriended about a month ago. Copping was asleep in his bed at the stables last night when he was awakened by the dog's bites. After a struggle Copping got hold of the dog's throat and hurled him out of the room. Constable James Quigley, this morning shot the animal. The brain is being analyzed for symptoms of rabies. Copping was given the Pasteur antirabies treatment.

Chairman Sees New Senate Seat in Kentucky

Dawes Notification Plans Given Approval

Midwest Cities Will Send Delegations

(BY A. P. NIGHT WIRE)
CHICAGO, Aug. 18.—William M. Butler, national Republican chairman, in a statement today, said his reports showed a steady and consistent improvement in the Republican campaign and that he had found that President Coolidge's own issues, common sense, appeals to many.

Butler, in indicating Republican hopes for the elections, said: "Maryland looks very good, and Kentucky I can also speak of with confidence. In Kentucky we will win a new Senatorial seat."

Final approval was given today by Butler to plans for the notification ceremonies here tomorrow night for Charles G. Dawes, Republican Vice-Presidential candidate.

The notification itself will consist only of an invocation, the formal address of notification by former Representative A. W. Jeffries of Nebraska, and the response of the nominee. Chairman Butler will preside and both addresses will be comparatively brief.

The "doings," as Gen. Dawes looks upon it, will be the rally and parade before the formal ceremonies. Hundreds of telegrams have been received from cities in the Middle West telling of plans to send delegations to march in the parade and a large representation of the party will be out to Evanston from Chicago.

Indian Village to Be Brought to Long Beach

(EXCLUSIVE DISPATCH)

LONG BEACH, Aug. 18.—Al Woodford, son of the owner and manager of the Long Beach Circus Zoo, now being constructed on American avenue, will leave on Wednesday for an Indian reservation in Arizona to place a bond which is necessary to obtain the removal of an Indian village from the government land. The village is to be moved to Long Beach and will have a part in the opening of the circus-zoo about September 1. Woodford, who is 28 years of age, has just returned from India, where he was sent by his father to purchase wild animals for the zoo.

The Indians, with all of their equipment, will be moved to Long Beach. Two cars will be necessary to handle the tepees, looms, horses and equipment. They will make their home at the zoo for the next three months. The village will consist of twenty-five Indians.

MOTORSHIP IS LOST IN BERING SEA
Crew of Nineteen Saved, Report States; Schooner Fast in Ice

(BY A. P. NIGHT WIRE)
SEATTLE, Aug. 18.—The motorship Lady Kindersley of the Hudson Bay Company, trading into the Arctic, has been lost in Bering Sea, a message received from Cordova, Alaska, by the Associated Press here today indicated. No lives were lost, it was hoped.

The message was dated yesterday. It read:

"Motorship Kindersley in distress, Bering Sea, vicinity Pribilof Islands. Boxer, a schooner, will abandon ship this afternoon. No casualties."

Another message from Cordova related that the trading schooner Arctic, owned and operated by the H. Liebes Company, San Francisco, was lost in the Bering Sea, near Point Barrow. The Lady Kindersley had been reported having trouble this summer on her annual northern commercial cruise, but the 3rd inst., she passed Nome on the Bering Sea, bound for Herschel Island, in the Arctic Ocean near the boundary between Canada and Alaska.

The Boxer mentioned in the message is a steamer owned and operated by the United States Bureau of Education. In the summer she carries teachers and supplies throughout the northern marine territory of the United States. She left Nome at the end of July to go to Point Barrow. Among those aboard her were P. T. Rowe, Protestant Episcopal bishop of Alaska, and V. T. Lopp, superintendent of education in Alaska for the government.

(BY A. P. NIGHT WIRE)
VANCOUVER (B. C.) Aug. 18.—The crew of the Lady Kindersley, a motorship reported in distress in the Bering Sea, numbered nineteen, records of the shipping master at this port showed today.

The Lady Kindersley, a wooden vessel, built here four years ago, is 129 feet long, of thirty-six feet beam and fifteen feet deep. She is of 565 net tons.

Jury is Picked to Try Dobles Motors Agents

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Aug. 18.—The first move in the trial of officials of the Dobles Steam Motors Corporation was made today in the selection of a jury for the trial of F. G. Cox, fiscal agent of the company, and W. E. Barnard, Cox's office manager. The State alleges that Cox and Barnard made illicit sales aggregating \$750,000. They are charged with ten counts. The first count charges violation of the Corporation Securities Act of the State of California in that they are asserted to have made sales of the stock of the Dobles company after a permit issued to the company in June, 1922, expired in October, 1923. Nine other counts in the indictment allege specific sales. Stock buyers will be called as witnesses.

OBSERVATIONS

BY THE
INNOCENT
BYSTANDER
BILL HENRY

What's the matter with our
so-called "sporting crowds"?
Is it a fact, as so many people
claim, that our sporting crowds
are the most unfair and un-
sportsmanlike in the world?
What makes a certain portion
of our attendance at sporting
events behave in the manner
that they do? Why do the big
majority at such events sit idly
by and allow the minority
gang of hoodlums to get the
best of them a bad name?
What cure is there for the sit-
uation?

Harry Courtney, a former
star, pitched his head off on
Sunday trying to "come back"
after a terribly disappointing
season. The crowd was more
or less with him until the
Seattle Suds hit on him in the
fourth for five runs in a lump,
whereupon they began to hoot
and jeer and "ride" the ve-
eran unmercifully. Of course,
when the Tigers came back
with runs in the fifth and sixth
to win, Harry immediately be-
came a hero again, but there
was no sympathy for him when
he had that sinking spell.

Out at the lights the fans
of the judge's decision by boot-
ing at the fighter, Bert Collins,
for instance, got an unmerci-
ful booting and hooting out
at Vernon last Tuesday night
because the crowd thought—
with considerable justice—
that shade should have had the
decision. They had their right
to be sore at the decision. If
they wanted to but why hoot
at Collins? All that Collins
did was to put up a good fight
against one of the best men
of his weight in the world,
and because the judges didn't
please the crowd Bert got the
royal raspberry.

ting to be the world's runner-

TIA JUANA DATES SET

Coffroth Handicap to be Run March 29; Meeting at Border Track Opens Thanksgiving Day

J. P. Atkin, general manager of the Tia Juana Jockey Club, which
for several winter seasons has operated the Tia Juana race track in
Lower California, Mex., was today authorized in a telegram from
President James W. Coffroth, of the club, who is in Mexico City, to
announce plans for the eighth annual thoroughbred race meeting at
the Tia Juana track.

President Coffroth's telegram in-
structed Atkin to begin the circula-
tion of stake blanks among horse-
men and to announce Thanksgiving
Day, November 27, as the opening
date. The meeting will offer 100
or more days of racing, according
to the plans. Coffroth also said
in the telegram that he had been
in communication with owners of
some of the biggest racing estab-
lishments in America and that he
had been asked to reserve stable
room for the strings raced by the
Ranocosa Stable, R. T. Wilson and
Willis Sharpe Kilmer, among oth-
ers. It was Mr. Kilmer who raced
Extremator at the last Tia Juana
meeting.

The stake blanks announce a to-
tal distribution of \$100,000 to
horsemen throughout the long
meeting. The stake list includes six
features and these will have \$30,-
500 in added money. The plans
provide that the Coffroth handicap,
a race at 1-1-2 miles to be decided
March 29, will have \$50,000 added
money. This is an increase of \$10,-
000 over last season and the club
officials point out that the Coffroth
handicap will again be the richest
stake in America for horses of all
ages.

An increase in the added money
for some of the other stakes is
also announced. These, with the
dates, added money and distances
follow:
March 15.—The Tia Juana derby,
\$15,000, 1-1-8 miles.
April 12.—The Tia Juana cup,
\$10,000, 2 miles.
April 19.—The Tia Juana futurity,
\$7500, 5 furlongs.
February 15.—The speed handi-
cap, \$5000, 5-1-2 furlongs.
March 5.—The juvenile stakes,
\$3000, 4-1-2 furlongs.

Epinaud Not
Strong for
Track Turns

(REUTERS DISPATCH)
SARATOGA (N. Y.) Aug. 18.—
Epinaud, the champion race horse
of France, which will meet the
fleetest horses in America at Bel-
mont Park two weeks from today,
does not like the sharp turns of
American tracks, and Trainer
Leigh is having little success in
educating him to them.
The French horse did another
speed test on the Saratoga track
this morning, stepping half a mile
in 49 1-4. It was an excellent trial
—nothing sensational, but above
the ordinary in view of the slow
condition of the track.
But the French colt
reached the turn, instead of skim-
ming around the rail, he headed
straight for the outside fence. In
turn parance he "ran out" and he
has been doing the same thing
nearly every time he has worked
here. Just before Everett Hayes,
his regular jockey, arrived, Leigh
replaced the exercise boy with
Keech, hoping that the French
latter could make him take the
turn. Keogh had no better luck
with the horse, and Leigh decided
to wait for Hayes before taking
any drastic measures.
Today Hayes had the mount
and went out especially instructed
to make Epinaud keep to the rails,
but when he reached the turn he
ran out as usual.

WEISMULLER BUSTS MARK

(BY CABLE-EXCLUSIVE DISPATCH)
(Copyright, 1924, New York Times)
VIENNA, Aug. 18.—Once more
an American has carried off vic-
tory in an important European
sporting event. Within twenty-four
hours, Johnny Weismuller, Amer-
ican swimming champion, has es-
tablished a world record for 100-
meter distance and beaten himself
twice, not having any one else to
beat. On the third day of the in-
ternational swimming contest held
by a coalition of Vienna swimming
clubs, Weismuller smashed his
own record by swimming 100 me-
ters in 57.08. Enthusiasm evoked
by this performance rivalled the
enthusiasm cheering at the aver-
age American nominating con-
vention.
Today, this 24-year-old wonder
is the hero of all Vienna and is
called enthusiastically Johnny
wherever he appears.
On Saturday he swam 100 me-
ters in 58.04, establishing a world
record. He also won the fifty-me-
ter race in 28.06. Another Amer-
ican, Kruger, came in second.

GOLF AT NIGHT IS LATEST
WRINKLE IN WILD TEXAS

The Houston (Tex.) Country Club has found a way to
play golf after nightfall. The problem of darkness has been
solved by the use of flashlights and Houston's enthusiasts now
can play golf twenty-four hours a day.
Four expert players—Tommy B. Cochran and W. C. Hunt,
from the amateur ranks, and Willie Maguire and John Bredemus,
professionals, recently demonstrated the possibilities in a thrill-
ing night match over the eighteen-hole course, the pro team win-
ning 3 up.
The flashlights were used throughout, one trained on the
ball and the other held over the putting green at the next hole.
In every tee shot there was a black void to be played across. The
player could see the ball and the distant beam of light which
marked his destination but had to call on his golfing intuition to
know how much power to put behind the drive. The only varia-
tion from standard rules was that a lost ball could be replaced
without penalty. But three balls were lost. Maguire had the
best individual score, with a 76. Par for the course is 72. A
gallery of 200 followed the match.

Big Backstop Scores Warner
With Hit in Tenth

Jim Christian Bests Gregg in
Hurling Duel

McDowell Drives in Trio of
Runs With Homer

BY BRAVEN DYER

Failure to follow a hunch yester-
day cost Veon Gregg, Seattle
heaver, a possible victory over
Vernon, gave the Tigers a 6-to-5
win in ten hectic innings, served
to drop the Indians a half-game
further below the San Francisco
Seals and also lost the Swashes
from the Great Northwest the se-
ries here, three games to four. All
in all it was a decidedly unpleas-
ant afternoon for the veteran, who
was pitching ball when Gen.
Whoozit gave the command at
Bunker Hill to "fire when you see
the whites of their eyes."
The bit of drama came about in
this manner. The Tigers went into
their half of the tenth with the
score tied up at five-all. After
Christian had whiffed, Warner got
a rousing single to right that
acquitted past strider, Bill Easick
then sent in Denny Murphy to bat
against Gregg in the place of Jim
Blakesley. Denny came through
with a powerful single down the
third-base line that almost knocked
Ted Baldwin's shapely dome from
his shoulders, the ball taking a
bad hop. Warner got to third on
the hit and the stage was all set
for Pete Schneider to do the hero
act.

NOT AFRAID

Gregg wasn't a bit afraid of
Pete, however, as he had been
popping 'em up to the infielders
all afternoon, and slapped over
three strikes in quick order. This
brought "Truck" Hannah, meaty
Vernon backstop to the plate.
"Truck" had rapped a rousing
double in the last-inning, fence
in the first, socked a single in the
second and was a pretty dangerous
man from any angle. Gregg and
Tobin went into a conference and
considered passing Hannah to get
to Deal for a double play. Gregg

Pitcher Aldridge Too Much for Beaneaters

(BY A. P. NIGHT WIRE)
CINCINNATI, Aug. 18.—Cincinnati defeated New York today in the longest game of the National League season to date, 8 to 7, in seventeen innings. Earl May, who was in an automobile accident on his way to the ball park, was knocked out of the box in two rounds, Sheehan pitching magnificently for nearly sixteen innings.

Coming into the seventh six runs behind, the Reds batted Dean out of the box, scoring four runs on three hits and two passed balls. Roush singled to right, scoring him with the tying run, and came home himself with the winning run by his left center. It was the fifth straight defeat for the champions since Connie went to the pen.

Neither side scored again until the seventeenth, when a wild throw to Dubert in an attempt to force Kelly and a sacrifice fly by Snyder gave the Giants a run. In the last half Sheehan singled and reached third on two outs. Roush singled to right, scoring him with the tying run, and came home himself with the winning run by his left center. It was the fifth straight defeat for the champions since Connie went to the pen.

FINALLY LOST
PITTSBURGH, Aug. 18.—After winning nine straight games, four of them from the Giants, the Pirates went down to defeat today before the mastery of Connie Mack and his team.

Grimes of Brooklyn, 7 to 4. The Dodgers' moundman pitched carefully throughout the game, allowing only one run in the second, when the Pirates batted in three runs. He materially helped to win his game by exceptional work at bat, hitting four safe blows in four times and driving in the two runs which put the Dodgers in the lead.

It was Grimes' twenty-fifth complete game this season. The score: BROOKLYN PITTSBURGH

BOX TO DRAW
CLEVELAND, Aug. 18.—Sammy Mandel, Rookford, Ill., and Archie Walker, New York, boxed two rounds to a draw tonight, according to newspaper men at the ring-side.

Frank Carbone, Signed Up for Main Event of Big Hollywood Program, Among the Missing

Frank Carbone, the highly touted eastern middleweight who was matched to meet Bob Sage, the Detroit middleweight, at the Hollywood American Legion Stadium Friday night, has been taken off the card.

Carbone cannot be found. Whether he has been kidnapped or has just "blown" the town, Kennedy can't find out. But to protect the Hollywood patrons Tom Kelly, the hard-hitting middleweight, who stopped Young Corbett at Hollywood two weeks ago in such a sensational manner, has the call.

Kelly can hit harder than Mike Rockson, and is a willing miler. Carbone is dropped. The Hollywood fans realize this fact as they say Rockson has him down twice.

Before Sage gets a shot at Bert Collins he has to go through the mill and meet the toughest battler in his class. Sage has made a big hit with the movie city boxing fans. He is a pleasing performer and a good clean boxer.

Kelly, with his terrible sock, is going to see just how tough Sage is. It will be the best test yet. Sage has had since arriving in Los Angeles.

Leonard Barnes, the Hollywood boxer, who won the pole vault at the Olympic games in Paris, a few weeks ago, is going to be introduced from the ring and presented with a gold watch.

Barnes has a big following among the track-and-field enthusiasts who are going to be at the weekly Legion show to give their champion a big reception.

This is the only public reception thus far arranged for the Hollywood High School boy and the Hollywood Post of the American Legion is expecting a big turnout on Friday night.

Went the rest of the route, getting Vernon won the game in the first, slugging Greg all over the lot before he knew what it was all about.

Crane's error and went to third on Blakesley's single to center. Warner was safe at first on Blakesley's double.

Deal beat out an infield hit to Crane. Jimmy McDowell became a hero when he lifted several blocks over the left-field fence. Greg was in fine form after that, but the damage was done.

Seattle tied the score in the eighth. Earl Baldwin started it when he singled to left and went to second on a sacrifice.

RIVERS AND SILVA MEET AT VERNON

Teddy is Favorite to Win from Fast Banty Despite Late Illness

Boys not as heavy as bantams will be in the spotlight in the main event at the Doyle Coliseum in Vernon tonight.

Teddy Silva and George Rivers are fighting their much talked about rematch at 118 pounds, which hardly cuts them down to flyweight size.

They are causing much excitement among the four-round patrons of Southern California and a record-breaking house for little fellows is predicted at the Vernon bout.

Silva has been installed a slight betting favorite despite a recent illness that kept him out of the ring for a week.

His celebrated draw fight in the Hollywood ring. The gym sharpie has today because he outlasted Rivers in their first scrap and because he is a sharp and deadlier biter.

Rivers had Silva down and then legging it in the first round at Hollywood. Teddy got his bearings and floored Rivers in the second. From then on it was a lively scramble with Silva getting the more dangerous every second.

The judges disagreed in this fight, one voting for Silva, but it was finally decided to call it a draw.

A demand for an immediate return match was made on all sides but Silva got sick and that stopped the talk.

The match was on the fire all the time today was on the shelf and now it was ready.

Matchmaker Wadhams grabbed it for the Vernon club.

It should be one of the fanciest and liveliest matches ever seen in a short bout between small boys and that is saying something.

There may be some more knockdowns and possibly a knockout.

The matchmaker thinks highly of the rest of his card. He sure his welterweight semi-wind-up between Bobby Corbett and Alex Maurice will wind up. They fought a draw.

Corbett and Maurice will have their last time out and between them threw over 500 punches.

A BIG PICKEREL HAS STOLEN ALL MY BAIT - I HAD HIM HOOKED A COUPLE OF TIMES BUT HE BROKE THE LINE - BUT I'LL GET HIM YET.

THE ONLY WAY YOU WILL EVER CATCH THAT PICKEREL IS WITH A STEEL LINE AND A STICK DYNAMITE FOR BAIT - HE NEVER TRAVELS WITHOUT HIS CHUM WHO GUARDS HIM LIKE A MOTHER.

I DON'T UNDERSTAND.

I KNEW YOU WOULDN'T. THAT PICKEREL HAS FOOLED SMARTER MEN THAN YOU ARE - HE ALWAYS TURNS AROUND CARVEYING A WISE OLD LOBSTER ON HIS BACK - ANY TIME THE PICKEREL GETS HOOKED HIS PAL REACHES OUT HIS SCISSOR LIKE CLAW AND CUTS THE LINE. WITH THE OTHER CLAW HE REMOVES THE HOOK AS EASILY AS A CHILD PICKS WILD FLOWERS - ALL YOU CAN HAND THAT TEAM IS WORDS AND LAUGHS.

[T. A. P. NIGHT WIRE]
SACRAMENTO, Aug. 18.—The United Americans, a Los Angeles organization which gives as its principal purpose "the cultivation and fostering of Americanization in the determination to protect everyone from infringement of personal rights and loss of liberty," filed its articles of incorporation today in the office of Secretary of State, Frank C. Jordan.

The articles hold that "matters of conscience are inviolate and sacred for everyone."

This image shows a dark, vertical, textured strip, likely a book cover or binding. The main body is a dark, almost black, material with a fine, vertical ribbed texture. On the left side, there is a lighter, off-white border containing faint, repeating patterns and small, illegible text or markings. The overall appearance is that of a well-used, possibly leather-bound, book spine or cover.

"Youthful" Gland Patient, Aged 72, Arrives from England

Making the statement that capsules of a preparation made from the glands of animals which had been administered to him in a London hospital had overcome a serious illness with which he was afflicted and "renewed his youth," a London broker was jubilant upon his arrival in this country. This is just another instance of the wonders that are today being worked through glandular treatment.

Many leading citizens are now hopefully looking to a rejuvenation of health and strength through the nourishment of vital glands in accordance with well-known scientific principles.

The new scientific discovery—Glandogen—now makes it a simple matter to take glandular treatment. Glandogen is prepared in convenient tablet form and combines the important elements of vital glands of healthy, young animals with other efficacious ingredients. It is prepared in two different forms—one for men and one for women. Glandogen can be procured at the Chambers Drug Co., 1st and Broadway, Henderson-Chambers Drug Co., 3rd and Main; Blaney-Chambers Drug Co., 7th and San Pedro and 5th and Los Angeles; in Long Beach at Oakland Drug Co., 111 Pine Ave.; in San Pedro, Wilmington and Torrance at Beacon Drug Store. Here's Way to End Eczema

My mother where your eczema is—on the hands, face, scalp or body—it is now possible to obtain lasting relief without the use of greasy ointments or irritating lotions. Ki-La-Ga, a highly mineralized solution from the depths of the earth, has produced the most astonishing results in chronic cases of eczema that have never yielded to ordinary methods of treatment.

Dr. L. A. Vance's scientific magic power over eczema and skin eruptions comes from the blending of eleven different minerals into a harmless, odorless liquid by a process known only to the Master Chemist—Dr. Vance. Being wonderfully soothing and healing, it can be used on the tenderest skin. Apply freely to affected parts with a soft sponge. Itching and burning usually stop right away, and within a few days the time the rash, scaly or inflamed patches should begin to heal. Ki-La-Ga can be obtained from the Ki-La-Ga Company, 111 Pine Ave., San Pedro, California. [Advertisement.]

HALF MINUTES WITH L. A. SERVICE

1633 Miles of Service

By C. E. VANCE, Second Vice-President

MORE THAN 400,000 meters now measure the gas and electricity used by the consumers of Los Angeles Gas and Electric Corporation. This high mark was reached on August 8th.

This may be compared with the total of 11,531 meters of both kinds on our lines at the end of 1900. And even the 4-year period since August, 1920, shows an increase of 100%.

With an average of one meter to a 50-foot lot, the nearly 300,000 gas meters, alone, on our system would serve both sides of a city street 1633 miles long, or long enough to reach from Los Angeles to Newton, Kansas, with enough left over to provide for a "side street" from here to Ontario, California. And we have over 100,000 electric meters besides.

Los Angeles and her public utilities grow up together, the one being impossible without the other.

Visitors are welcome at our Gas Works and Electric Works each Tuesday afternoon from 2 to 5 o'clock.

MEXICO TRADE ACTIVITY TOLD

American Official Asserts Vitality Increasing

Reports Good Markets Wait on United States

Slight Uncertainty Now is Due to Election

(EXCLUSIVE DISPATCH) ST. LOUIS, Aug. 18.—Great commercial activity in Mexico is reported by H. B. MacKenzie, Trade Commissioner of the Department of Commerce, who has just returned here after a survey of economic and commercial conditions in that country.

"Increase in vitality and stability of Mexican commerce, and the fact that standards of living have risen appreciably, were noteworthy," said MacKenzie. "The country, who formerly went barefooted, now wears shoes and he works for a good wage in the factories."

SOME UNCERTAINTY "Business conditions in Mexico are good, although at present there is a feeling of uncertainty because an election has just been held and the new President does not take office until December. However, there is no cause for fear on the part of Americans who export to that country. For instance, Mexico in 1923 imported merchandise valued at \$154,575,130.

The revolutions have had a slight tinge of effect on trade, of course. There is no revolution now and commerce is normal. Mexico is a fertile field for automobile dealers in many localities and the market is a cash one. Almost 75 per cent of the trade in Mexico is done by Americans. Prior to the World War other countries controlled a large part, but during the war they lost out and now they cannot compete with our manufacturers. Foreign imports are acceptable but they arrive only sporadically and cannot be depended upon. Mexico is America's trade outlet and we should think of it not as a foreign country, but as our natural trade territory."

FRIENDLY FEELING "Mexico, as far as the better element is concerned, is friendly toward America. The old feeling of distrust has disappeared and they look to us commercially. The oil and mining business are progressing under the leadership of American capitalists. The French are interested in the textile industry; the Spanish are interested in the grocery and liquor trade."

TRY THIS TUNE ON YOUR ADENOIDS

Cure for Snoring "Disease" Offers Way to Muzzle Foes of Morpheus

(EXCLUSIVE DISPATCH) CHICAGO, Aug. 18.—Ing is not a habit, it is a disease, says a Health Department bulletin of the City of Chicago issued today, suggesting that it can be cured by the family physician.

That more killings have not taken place on account of morning, the bulletin says, "is due to good emotional control, and we should be thankful for that."

And by proper medicinal attention, the bulletin says, the Pullman car snorer, the bridegroom whose sleep produces a nasal dissonance starting to his bride, and the children whose adenoids need attention, may be cured.

"Sleep quietly and the world sleeps with you," the bulletin concludes; "snore and you snore alone."

ur trade and the Germans the hardware and electric trade. There is plenty of room for American-made goods in these lines. The situation throughout the nation are shoe factories, textile mills, iron foundries and other industries have been saved by revolution after revolution and still survive. But one of the most striking things to the traveler is the stability of Mexican commerce. Mexico is learning not to put off for tomorrow what it can do today. Instead of the "land of mañana" it is becoming the "land of today."

Death of Fish in Nevada Drought is Blow to Sport

(EXCLUSIVE DISPATCH) CARSON CITY (Nev.), Aug. 18.

The worst drought in thirty-five years has cost the lives of millions of fish in Nevada streams and probably ruined fishing for years, according to estimates of fish and game officials.

At Reno the city health force removed thousands of dead and decaying fish from the bed of the Truckee River, and the beds of the Carson, Walker and other rivers are dry at many points.

Most tributaries of rivers in Western Nevada are dry and the same fate has overtaken streams and small lakes in the eastern counties. In the dry river beds thousands of dead fish have been found, including vast numbers of trout, Nevada's principal game fish.

SHIP BOARD MAKES PATRONAGE SURVEY

AMERICAN STAND TOWARD MERCHANT MARINE IS OBJECT OF QUERY

(EXCLUSIVE DISPATCH) WASHINGTON, Aug. 18.—With a view to making a nationwide survey of the extent to which American merchant ships are being utilized by Americans, T. V. O'Connor, chairman of the Shipping Board, is writing personal letters to more than 14,000 American exporters, importers and others engaged in foreign commerce, asking whether they are using American ships.

"The object of these letters," Chairman O'Connor said in making public a sample of the correspondence, "is to find out exactly how American producers and shippers stand regarding our ships. When replies to the questions I am asking in the letters are received we should have an honest expression from that element of the American public which uses ocean-going vessels for the shipment of their products."

FOREST EXPERIMENT CONFERENCE BEGUN

(EXCLUSIVE DISPATCH) PORTLAND (Or.), Aug. 18.—Earle H. Clapp, assistant forester in charge of research, Washington, has arrived here to confer with local forest officers and timber interests in regard to the newly authorized Pacific Northwest forest experiment station. While here Clapp and Thornton T. Smith, recently appointed director of the new experiment station, will interview foresters, representative leaders of lumbering, logging and wood pulp industries, heads of forestry schools and others interested in the forest problems of the Pacific Northwest. A working plan for the station will be formulated, the most urgent problems to be studied will be determined, and other matters in connection with the station considered.

JAPAN HAS NO WARD OF BANCROFT CHOICE

(BY CABLE-EXCLUSIVE DISPATCH) TOKIO, Aug. 18.—The Foreign Office says no report has been received officially regarding the selection of E. A. Bancroft of Chicago as Ambassador to Japan, but regards the nomination "likely."

The American appointment will hasten a successor to Ambassador Hanthorn.

CHILDREN FAIR GUESTS

(EXCLUSIVE DISPATCH) SACRAMENTO, Aug. 18.—Opening day at the seventeenth annual State fair on the 19th inst. is to be known as children's day. The gates of the fair grounds will be thrown back for every child in the State to enter without charge on that day. Announcement of this was made by Secretary Paine of the State Agricultural Association following a request for such action made by the Sacramento Chamber of Commerce and other Sacramento clubs and associations.

The Wrath of Come

By E. Phillips Oppenheim

Stripped—Grant Slattery, wealthy American, was his former home, Geneva, in Monte Carlo, when he was in Paris in 1920, and now, twenty years later, the guiding force of the world, its bitterest critics—and at its inauguration, there had been many were forced now to admit that the pact had become one of the brilliant successes of the century, its conception had first been mooted at a trade conference at Genoa in 1922 and its revision subsequently drawn up with the utmost care by a committee of European law makers, practically made up among its members impossible.

France had been able to abandon herself at last to a sense of complete and luxurious security. Germany, admitted after some hesitation, had apparently been among its most ardent members. The limitation of armaments, the great pacific scheme initiated by the President of the United States early in 1921, was still carried on as a separate institution but with numerous affiliates. There was only one great drawback to the pact, one flaw alone which prevented its being the greatest glory and exultation formed during the world's history, and that drawback was the fact which, at the present moment, was giving both Grant Slattery and Lord Yeovil cause for the greatest apprehension. The United States, after a period of profound deliberation, during which great discussions had arisen, had decided to be the one great power outside its influence. For the same reasons which had kept her for so long out of the European sphere of her political interests, her position had been the principal subject of discussion among statesmen and thinkers for years. No administration, however, had been strong enough to change it, and it was universally accepted now as an inalienable attitude. She had ample justification for believing herself sufficient enough to fight her own battles and defend her own honor. Her position was in its way magnificent, and she had no need of rhetorical praise of any of her own writers, especially those who were in any way Teutonic in their origin. Those who, like Grant Slattery, saw the sinister side of the situation, were few and their voices unheard in the great peacemaking of thanksgiving in which her press, day by day, and month by month, gloried and exaggerated her unexampled and amazing prosperity. Without a doubt America had become the richest country in the world.

It was of America that Lord Yeovil, who had once been an exceedingly popular and brilliant figure in Washington, was thinking as he smoked his disreputable pipe, lounging in his easy chair, and looking upon the fender. He had a profound respect for Grant Slattery, whose handling of various intricate matters, while first secretary in London, had won him his unequalled approval. The young man had seemed at that time assured of an ambassadorship, and his complete withdrawal from the diplomatic service had been a mystery even to his intimates. Lord Yeovil knew the reason for that withdrawal and was day by day growing more thoroughly to appreciate it. He was thinking of it now as he smoked his pipe, and he was wondering, too, whether that small cloud which had already appeared on the political horizon was destined to seriously disturb the thirty years of peace.

The sound of wheels in the drive and the peeling of the bell broke the clock. It was a few minutes past eleven—an impossible hour for the ordinary day. Presently a young typist employed by his private secretary, knocked at the door and entered.

"I'm sorry to disturb you, sir," he said, "but Baron Naga is here and asks if you will receive him." "Baron Naga," the Prime Minister repeated in amazement. "At this hour of the night?"

SCHOOL GROUNDS OPEN FOR SLEEPING PLACES

(EXCLUSIVE DISPATCH) ST. LOUIS, Aug. 18.—The Board of Education has ordered thirteen school yards thrown open for twenty-four hours a day, so that persons in the congested districts may use them for recreation purposes by day and as open-air sleeping places by night. The order is intended chiefly to benefit children of the tenement.

of the tenement who have been seeking relief from the heat at night by sleeping on fire escapes and on sidewalks. Police are to see that the yards are properly patrolled.

JAPANESE CRITICISE RUSSIA'S ATTITUDE

(BY CABLE-EXCLUSIVE DISPATCH) TOKIO, Aug. 18.—It is expected here that the Russo-Japanese pourparlers will resume in Peking today. The Russian attitude is irritating, the Japanese Foreign Minister saying: "The colored glasses through which Russia sees plus her chaffing over the terms, is very trying to patience. Possibly the fact that Russia is emerging from the darkness of the curving drive, and waking many echoes in the violet stillness of the hills and the glided off down the hill and the villa was left in silence."

Grant replied, "If you run up the stairs. Come on!"

The little party hurried off, their footfalls light as falling through the darkness of the curving drive, their voices disturbing the owls and waking many echoes in the violet stillness of the hills and the glided off down the hill and the villa was left in silence."

Grant replied, "If you run up the stairs. Come on!"

The little party hurried off, their footfalls light as falling through the darkness of the curving drive, their voices disturbing the owls and waking many echoes in the violet stillness of the hills and the glided off down the hill and the villa was left in silence."

Grant replied, "If you run up the stairs. Come on!"

Beltran Rebel Band Sought in Train Hold-up

(BY CABLE-EXCLUSIVE DISPATCH) MEXICO CITY, Aug. 18.—Renewed activity on the part of the rebel band led by the notorious Toribio Beltran is reported by the National Railways in a statement issued today.

Two trains, one a passenger and the other a freight, have been held up and pillaged by one band in the last few days. In the attack on the passenger train two persons were killed and five others wounded. The last two outrages are part of a series begun by Beltran about five weeks ago.

DIARY OF EARLY GOVERNOR TELLS OF SCHEME TO END CONGESTION

(EXCLUSIVE DISPATCH) TALLAHASSEE, Aug. 18.—United States postoffice mail box has at last been given by the Postoffice Department to Gov. Brown of Florida, who held office from 1845 to 1849, according to his granddaughter, Miss Mary D. Lewis of this city, an active member of the historical committee for the Florida centennial celebration, to be held in Tallahassee, November 9 to 15.

"It was in 1816, while my ancestor was clerk to Dr. Foushee, postmaster at Richmond, Va., that he hit upon this means of facilitating the handling of mail," said Miss Lewis, who owns the original diary of Gov. Brown and many of his important documents, which will be part of the centennial exhibits. "Congestion which filled not only the office lobby but the street outside always followed the arrival of a post. My diary announces Dr. Foushee assigned Thomas Brown to work out some plan for relieving this crush at the mail window."

"Pigeonholes with glass fronts bearing numbers was the idea he hit upon, and the diary goes into considerable detail as to the manner in which these were built. Many small postoffices in the United States today follow this plan without a change or improvement."

Was a "Bear Cat"

"My wife was never an angel, but after five years of liver and stomach trouble she became a 'bear cat.' No doctor or medicine helped her and we thought there was no help for her. Our grocer told me of May's Wonderful Remedy which had helped him for same trouble, so I brought home a bottle, but she promptly threw it out. I got it back and after a week coaxed her into taking it. She is now enjoying the best of health and disposition." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—[Advertisement.]

Building Housing Three
Firms Destroyed

Flying Sparks Do Damage to
Other Structures

(LOCAL CORRESPONDENCE)
EL CENTRO, Aug. 18.—While the first fire department was en route, a fire broke out in the most spectacular blaze of the year, a concrete and stucco structure housing three large firms was burned to the ground. Loss is estimated at about \$50,000.

The fire started from a pile of battery boxes at the rear of the building, and aided by a stiff westerly wind leaped to the roof before an alarm could be turned in. Twelve automobiles and four large moving trucks in the building helped to scatter the flames when gasoline tanks exploded in rapid succession. It was impossible to save any part of the building or the merchandise inside.

Sparks from the flames flew for several blocks setting fire to one residence, which was almost entirely destroyed, and to a rooming house, where but slight damage was done. The fire department arrived at 10:15 and worked for several hours before the flames were under control. The fire is the most serious that has occurred here this summer.

PASADENA, Aug. 18.—Robert Harshbarger, 7-year-old son of Mr. and Mrs. Charles R. Harshbarger, 1617 Orange Grove avenue, South Pasadena, died today as a result of injuries sustained last Saturday when he was run down by a heavy Los Angeles truck. A coroner's inquest will be held tomorrow morning at the funeral parlors of Turner, Stevens and Berry of South Pasadena. Funeral arrangements will be made following the inquest. According to information received by the police, the truck was in the year of the Los Angeles truck and then fell to the ground the wheels of the truck passing over his body. H. C. Swanson, 1872 Belmont street, driver of the truck, was not aware of the accident until some time later, he said.

**ENVIALE RECORD BY
WESTERN AVIATORS**

(LOCAL CORRESPONDENCE)
SAN DIEGO, Aug. 18.—Western military reserve aviators, who attended the recent midsummer aeronautical encampment at Rockwell Field were also for a total of 2000 hours, during which time they covered a total flying distance of 14,500 miles without a single mishap. AIRPLANE REFUELS AT SEA

Takes Seventy Gallons from Destroyer in Rough
Water; Way Opened for Long Ocean Flights

By a "Times" Staff Correspondent
SAN DIEGO, Aug. 18.—United States naval aviators wrote another chapter in aviation history this morning when a seaplane piloted by Lieut. B. H. Wyatt of the North Island air station successfully refueled from the destroyer McDermut, twenty miles at sea.

Forty minutes from the time Lieut. Wyatt alighted on the surface of the ocean and tied his plane to the destroyer, seventy gallons of gasoline were taken. The feat was accomplished under difficulties, for Commander Owen Bartlett, of the McDermut, purposely proceeded to a spot of the Coronado Islands where the waves were the choppiest.

Three destroyers equipped with refueling apparatus would be all that would be required for a flight from San Diego or any Pacific port to the Philippines, in so far as the supply of gasoline, oil and water is concerned, naval aviators said. Lieut. Wyatt will carry out further refueling experiments this week. One of the tests will be to take on board a supply of gasoline sufficient for a 2000-mile flight.

Ontario Pastor Points to
Leopold and Loeb as
Victims of Habit

(LOCAL CORRESPONDENCE)
ONTARIO, Aug. 18.—Declaring that cigarette consumption in the United States is increasing at a rate of twenty billion a year, holding their use responsible to a large degree for crime waves and pointing to Nathan Leopold, Jr., and Richard Loeb, 19-year-old confessed Chicago slayers, as examples of cigarette fiends, Rev. C. E. Cornell delivered a scathing arraignment of tobacco from the pulpit of the First Nazarene Church last night.

"Cigarette smoking has a terrible effect upon its users," he said in part. "Nearly every criminal is a cigarette fiend."

"Nathan Leopold and Richard Loeb, sons of Chicago millionaires, who committed one of the most heartless, unprovoked murders in all the annals of crime by brutally murdering Robert Frazer, a well-known Chicago banker, are both described by reporters as cigarette fiends. Tobacco and degeneracy go hand in hand."

**PORTERVILLE BOY
IS DEAD IN CHINA**

(EXCLUSIVE DISPATCH)
PORTERVILLE, Aug. 18.—Mr. and Mrs. N. Nyby of this city received a message today from the U. S. H. S. ship of the Pacific Fleet, stationed at Shefoo, a Chinese port, telling of the death from malaria on the 15th inst. of their 18-year-old son, Ervin Nyby, who enlisted in the United States Navy only a short time ago. Young Nyby came to Porterville with his mother from Glendale a number of years ago and was very popular here, where he was graduated from the local high school. He had been an active Boy Scout. The cause of his death was malaria, which he contracted in China, and will then be sent to Glendale for interment in the family plot.

Audit Shows Discrepancy
But Fails to Determine
Under Whose Regime

By a "Times" Staff Correspondent
VENICE, Aug. 18.—An audit of the books in every city department at the City Hall, which was ordered by the new Board of Trustees, and which has not been completed, shows a shortage in the department of the street superintendent amounting to \$100,000. During the audit, the street superintendent, following the asserted curing of Glenn Tunison, 724 West Third Street, this city, yesterday.

Tunison, who is said to have been entirely deaf, took an airplane ride with Daugherty two weeks ago. The ride was filled with stunts and one of these was a swift nose dive from a great height. When Daugherty's passenger alighted from the plane he discovered a high altitude. The money is said to be for permits granted and services rendered by the city to the various corporations. The money has never been collected. Demands for the money are to be made at once, members of the board stated.

Individual members of the board this morning expressed their desire to change the air pressure on the car drums as rapidly as possible. "In order to do that I climbed to an elevation of 7500 feet and turned her nose down. It took just thirty seconds to make the descent."

Mother Who Was Beaten
Makes Complaint; Document Sent Her to Affirm

(EXCLUSIVE DISPATCH)
BAKERSFIELD, Aug. 18.—Mrs. Thelma McGuire has asked to be allowed to swear out an iniquity complaint against her son, James F. McGuire, according to the District Attorney's office. Such a complaint has been made out and sent to Taft, where Mrs. McGuire has been confined in the County Jail here. He surrendered after having attacked his aged mother in Taft.

After the first attack against his mother, McGuire was arrested by Chief of Police Frewitt of Taft, who locked the man in the Taft jail. Half an hour later McGuire escaped through a skylight. He returned home and threatened his mother with an iron rod. Police believe he was seeking money. A day later, McGuire surrendered to the Sheriff's office here. He said he had escaped from the Taft jail because it was a "dirty place."

Millions Needed for Work of
Reconstruction

(LOCAL CORRESPONDENCE)
VAN NUYS, Aug. 18.—John Steven McGoorty in an address before the Van Nuys Kiwanis Club today issued a plea for intensive action in the restoration of California's old missions, in which he drove home the peril to San Fernando Mission through the elements of the coming winter season, as well as the other historic landmarks extending along the King's Highway from San Diego to Sonoma county.

So massive is the program which McGoorty is sponsoring through the Society of the Golden Scroll with its goal set at 100,000 members to carry out the work, that while the work may not be completed within the present generation it will be started by the most needy missions and continued until they are brought back as nearly as possible to their original condition.

In the course of his address Mr. McGoorty pointed out that in the case of San Fernando Mission alone the cost of rebuilding and restoration would be conservatively \$1,000,000.

Serbian Bonds Rise	NEW YORK, Aug. 18.	Bond prices drifted irregularly lower today in a trading session which was marked principally by unusual activity in Serbian and St. Paul railroad issues.
With Serbian 8s mounting more than 2 points to a new 1924 high record, at 90, reports were revived that an additional loan to Jugoslavia might be floated soon. The bonds closed slightly below the day's level.		
Indications that the St. Paul Railroad 1925 refunding program would be expedited, following the success of the Baltimore and Ohio's refunding operations infused fresh strength into the road's active issues.		
Mixed price movements marked trading in other sections of the list.

SECURITY. The directors of the Corporation and their immediate associates have subscribed and paid for, in cash, \$25,000 par value Class "A" Common Stock.

EARNINGS. Operating on the Common Stock capital paid in by its organizers, the Company is averaging a net return of more than 20% per annum on the amount of invested capital.

COMMON STOCK RIGHTS. Each purchaser of this Preferred Stock will be given the right to purchase one share of Class "A" Common Stock for each two shares of Preferred Stock owned as follows:

After the payment of Preferred dividends Class "A" Common Stock is entitled to cumulative dividends at the rate of 8% per annum and participates further with the Class "B" Common in any additional dividends declared. Class "A" Common Stock is now on an 8% annual dividend basis.

PURPOSE. The purpose of this offering is to provide additional working capital. Owing to the personnel of its officers and directors, and their commanding position in the motor car industry, the Company is in an immediate position to profitably employ the additional funds resulting from the proceeds of this financing.

SUMMARY. This Company is duplicating the success experienced by other leading institutions which have pursued sound operating policies in the financing of automobile purchase contracts. The principal elements responsible for success are personnel of management and ability to obtain an ample volume of the highest class of business. These requirements are combined to an unusual degree in the West American Finance Company, a corporation operating upon capital provided by its organizers. On account of the liquid character of its assets and the proven earning power and stability of the business, the purchase of Preferred Stock of West American Finance Company offers an attractive investment, combining safety of principal with high yield, together with excellent possibilities for appreciation due to the value rights to subscribe to Common Stock.

WE recommend a conservative investment and offer this stock when, as and if issued and received by us and subject to approval of counsel.

MUNICIPAL LEAGUE MAKES
INVESTIGATION OF KEYES;
THEN INDORSES SHELDON

Following a painstaking investigation of the District Attorney's office under the administration of Asa Keyes, the executive committee of the Municipal League yesterday unanimously endorsed the candidacy of Mr. Keyes's opponent, Judge Caryl M. Sheldon. The League committee, by prior action, decided against a recommendation as between the candidacies of Keyes and Sheldon, but, as explained in a formal statement issued yesterday, reached a unanimous decision in favor of Sheldon after going more thoroughly into conditions in the District Attorney's office.

The League's statement: In regard to the position of District Attorney, so vital to the welfare of the citizens of Los Angeles, which position is to be filled the 26th inst., the executive committee of the Municipal League has already gone on record as opposed to recommending Asa Keyes's re-election.

Upon digging still deeper into the conduct of that office by Asa Keyes, the executive committee of the Municipal League now, the 18th inst., desires it to be understood that it is not only opposed to recommending the re-election of Asa Keyes but unanimously recommends the election of his opponent, Caryl M. Sheldon, as District Attorney.

Congressman McFadden Says Capital Impressed by
Fine Work; Thinks Re-election Vital

A graphic picture of Capt. John D. Fredericks, Representative in Congress for the Tenth California District, was brought to Los Angeles yesterday by one of his colleagues, Congressman L. C. McFadden of the Fifteenth Congress District of Pennsylvania.

Congressman McFadden is at present in the city for a few days during a tour of the Pacific Coast States. He is chairman of the committee on branch banks and is the leader on the floor in matters pertaining to the War Finance Corporation.

Through handicapped by being a new arrival, Capt. Fredericks at the close of the session was recognized as one of the ablest men in the House, and was regarded as a statesman given to clear thinking and fighting for the right, said Mr. McFadden.

"Capt. Fredericks has impressed everyone in Washington with the belief that he is working in the interests of his constituents," said Mr. McFadden, "and has displayed his ability to grasp the great problems of state."

"Maximum development of the Boulder dam project is but one of the many problems of public matters on the part of Capt. Fredericks. He believes that the Colorado River project should be carried to an early completion, for flood control as well as for water, power, irrigation and reclamation purposes. We have discussed this matter many times together and I have come to respect his judgment in fighting for a full and complete development of that proposition, so vital to Southern California."

ANOTHER LARGE
HOTEL FOR CITY

F. W. Braun to Finance New
\$3,000,000 Structure

Will Bear Name of and be
Run by M. M. Potter

Site at Wilshire and Benton;
Huge Garage Planned

The construction at once of a \$3,000,000 hotel at Wilshire and Benton boulevards was announced yesterday by F. W. Braun, Los Angeles capitalist, and by Milo M. Potter, prominent as a hotel man on the Pacific Coast, who will operate the property. At the same time they made known plans for a high-class garage building to cost \$500,000, to be constructed on Rampart Boulevard between Sixth and Wilshire boulevards, to be operated in conjunction with the new hotel.

Plans for the structure have been completed by H. L. Stevens & Co., a firm that has built some of the other hotels in the United States, and it will be known as the Potter Hotel Company and the Potter Hotel Company will open offices today in the F. W. Braun Building and construction work will begin as soon as possible. It is planned to have the project completed by December, next year.

NEW TYPE OF HOTEL
The plan calls for a type of hotel which, Messrs. Braun and Potter believe, will not compete with any of the other hotels in the city. The rooms will number 400 and, it is announced, will be larger than any hotel rooms in this city. It is planned to rent some of the year, and the hotel will not be designed to cater to the commercial business, and yet its location will make it accessible to the center of the city.

The building will be put up on property owned for several years by Mr. Braun on the northeast corner of Wilshire and Benton, with the entrance on Benton Boulevard. The building thus will face Lafayette Park. The Bryson Hotel, owned by Mr. Braun, are on the other side of the property. The hotel will be height limit, and its location will afford fine views from all rooms looking over the park and toward the Hollywood Mountains.

Although the project is ready for actual building operations, no hint of the location of the hotel in the city circles and it comes as a surprise to the city.

RENAISSANCE ARCHITECTURE
The architecture will be Italian Renaissance. The construction will be of reinforced concrete with brick and terra cotta exterior. There will be a spacious lobby and a grand staircase from the first floor to the mezzanine. There will be several dining-rooms and a children's room, card rooms and a mah jong room. The barber shop and beauty parlor will be on the mezzanine floor. The ground space of the building will be 90 by 160 feet.

The H. L. Stevens & Co. have specified several mechanical features such as three high-speed elevators, circulating ice-water, heating and air conditioning, hot water and a modern refrigerating plant.

Mr. Braun is financing the project. No stocks or bonds will be issued, he announced. An operating company will be formed but it will consist only of himself and Mr. Potter. This eloquent expression of faith in the project by Mr. Braun is backed by many years' experience as a large real estate developer.

He built the city property on which the new hotel will be located, a high class building of the highest class buildings of the city. The property has been vacant for years, and Mr. Braun has been silent regarding his plans for it. Mr. Potter, a prominent hotel man, is the partner in the project.

Madge Bellamy, appearing in Hunt Stromberg's new spectacle, "The Fire Patrol," now in its second week at the Mission Theater, has a coloratura soprano voice with a range said to be beyond that possessed by few prima donnas. She has one particularly high note, the third G above middle C, that has attracted the attention of many impresarios, famous in the musical world, who have repeatedly imported her to consider a musical career.

Spokesman Exposes Suing Scheme and Flays Effort of Grasping Politicians

BRAWLEY, Aug. 18.—[To the Editor of The Times:] I have just returned from a four days' trip through Owens Valley. I find many of the farmers there in a critical financial condition because of the water situation. Many farms have practically gone back to desert conditions. My sympathies and indignation have been aroused on behalf of the people of Owens Valley. I have been a farmer in Imperial Valley for almost twenty years and I know what water means to desert farmers. I have participated in the struggles, privations and hardships of reclamation in Imperial Valley and I know just how men would feel who have toiled and labored and have seen themselves deprived of the fruits of their efforts.

"I am doing all I can now," continued the Councilman, "to take Capt. Fredericks's place at Washington, and—"

Here the chairman stopped Councilman Criswell's remarks, saying, "I must stop this. No political speech."

"I am talking about the power bonds," said Councilman-Candidate Criswell, placing a handful of his Congress campaign cards on the chairman's desk. He then left the hall, descended the stairs and walked to a Peoria sedan, where the City Council's automobile was parked. To acquaintances who greeted him and remarked on his use of the Council's automobile for personal campaign, he had been in his family for years, warning him to be careful, Mrs. Criswell, according to his account, would have been home in bed early on last Wednesday morning when McCoy called at his residence to kill him.

"Kid McCoy first came to my home on Iris Circle a number of months ago with Judge R. L. Davis," stated Mr. Criswell. "He was introduced by Mr. Davis, who is his attorney. That afternoon my wife was at home and so was I. We had a few guests with us. McCoy made himself very agreeable to everyone."

"It was several weeks after the first meeting that I learned that McCoy was making 'love' to my wife. It was some time later that I discovered that my wife thought that she loved McCoy. Long before I learned the truth, however, I did know that something was wrong with Mrs. Criswell."

"Friends told me that Mrs. Criswell was running around with McCoy after I returned from a business trip to New York. I had been out of town for some time and knew nothing of my wife's actions when I came back until I was told by her. Using his influence on my wife McCoy lured her to the Nottingham."

"Then came the divorce that has already been in the papers and then started the days of horror and the nights of wakefulness for me. Using his influence on my wife McCoy lured her to the Nottingham."

"I should put these paintings of our Mayors in glass cases," said Councilman Mallard, but he did not say where the cases should be put. "Do you mean we should put the present Mayor in a glass case?" asked Councilman Mushet.

Oh! he's as good as any we've had," replied Councilman Mallard.

However, if Councilman Baker's resolution is ever passed, not only will the present Mayor be in a glass case, but also the frames of the collection will be in the City Hall. Baker, that is what Councilman Baker did, that he should put these paintings of our Mayors in glass cases.

ASSERTS MORS
MAN WHO FLED

Woman Makes Identification
Secretly to Officer

Witness Declares it Was He
She Saw After Killing

Officials Persist in Belief it
Was McCoy Instead

Albert A. Mors, wealthy art collector, was the man who stood leaning against the brick wall of the Nottingham Apartments a few minutes after the shooting of his wife, Mrs. Teresa Mors, according to statements made by Mrs. Iva Martin, State's witness in the McCoy-Mors slaying case, to Acting Captain of Detectives Cline.

This statement, which was made to Capt. Cline last Sunday, caused the police to make a new check on the story given by Mors to Dist. Atty. Keyes, relative to his movements on the night his wife was killed, and was kept secret pending a thorough investigation. The fact that Mrs. Martin had identified Mors as the man she saw brushing past her window shortly after she heard Mrs. Mors in the apartment above plead for her life and heard the shot fired, was admitted by the police last night following the completion of their investigation. This investigation, the officers say, disclosed the fact that so far Mors's story to Dist. Atty. Keyes and to them remains absolutely unshaken.

THOUGHT TO BE MCCOY
Capt. Cline and the officers working with him believe that the figure leaning against the brick archway in the front of the apartment was that of Kid McCoy. The terrible struggle and emotional strain in the McCoy apartment probably caused the usually docile McCoy to appear "thick-skinned and bulging at the waist," as Mrs. Martin described the man she saw when she gave her first account to the police.

At that time Mrs. Martin told Capt. Cline that she had seen McCoy in the Nottingham apartment before the tragedy and remembered him as a "thick-skinned and bulging at the waist" man. The man she saw, she said, was not like McCoy.

Last Saturday, when Mors was taken to the store in which Mrs. Martin was employed, Mrs. Martin did not make a positive identification. The next morning, however, she told Capt. Cline that Mors was the man she saw on the night of the shooting and explained that she did not make a positive identification in the store because she was instructed by Capt. Cline to make no statements to anyone but himself.

This morning Mrs. Martin is expected to appear before the county grand jury and relate her story. She will be accompanied by Capt. Cline and Capt. Cline expects that she will tell the county grand jury substantially the same story.

THEORY OF CRIME
Capt. Cline holds the theory that in the brief struggle enacted in the McCoy apartment just prior to the shooting, Mors was the aggressor.

For the first time since the body of his wife was found shot through the head in her secret apartment in the Nottingham where she lived for ten days as the wife of "Kid" McCoy, Albert A. Mors yesterday made a public statement regarding the series of domestic troubles which led up to the slaying of his wife and also explained his actions both before and after the fatal shot was fired. He made his statement exclusively to The Times.

In his statements, Mr. Mors related how McCoy first met his wife. He told of how he first learned that his wife was in love with the ex-prize fighter. He related how he attempted to reason with her and show her that she was making a mistake and then he recounted the days of horror when he expected McCoy to kill him.

But for a letter received from a former servant, who had been in his family for years, warning him to be careful, Mors, according to his account, would have been home in bed early on last Wednesday morning when McCoy called at his residence to kill him.

"Kid McCoy first came to my home on Iris Circle a number of months ago with Judge R. L. Davis," stated Mr. Criswell. "He was introduced by Mr. Davis, who is his attorney. That afternoon my wife was at home and so was I. We had a few guests with us. McCoy made himself very agreeable to everyone."

"It was several weeks after the first meeting that I learned that McCoy was making 'love' to my wife. It was some time later that I discovered that my wife thought that she loved McCoy. Long before I learned the truth, however, I did know that something was wrong with Mrs. Criswell."

"Friends told me that Mrs. Criswell was running around with McCoy after I returned from a business trip to New York. I had been out of town for some time and knew nothing of my wife's actions when I came back until I was told by her. Using his influence on my wife McCoy lured her to the Nottingham."

"Then came the divorce that has already been in the papers and then started the days of horror and the nights of wakefulness for me. Using his influence on my wife McCoy lured her to the Nottingham."

"I should put these paintings of our Mayors in glass cases," said Councilman Mallard, but he did not say where the cases should be put. "Do you mean we should put the present Mayor in a glass case?" asked Councilman Mushet.

"Secret Klan Transfer" Letter Which Judge Guerin Denies

JUDGE GUERIN EX-KLUXER

He and "King Kleagle" Vary Slightly as to Circumstances of Resignation

Following persistent reports as to his connection with the Ku Klux Klan and in response to an inquiry by The Times, Judge Walter Guerin, who presides over Department 37 of the local Superior Court, yesterday admitted that he joined the Klan "in the spring or early summer of 1923," and that he remained a member for some months after being appointed to the bench.

Judge Guerin said he became convinced that he could not stay in the secret order and properly perform his duties as judge, however, and formally requested that his resignation be accepted. The request for release from the Klan, the judge said, were made both in writing and by personal application to G. W. Price, Imperial Representative. Judge Guerin's candidacy to succeed himself has been endorsed by the Klan.

His written resignation, Judge Guerin said, was submitted in September, 1923. Subsequent to the request, according to a letter written on September 29 by Price to Dr. E. A. Collier, head of the Klan in Pomona, Judge Guerin made application for transfer to the secret Klan, otherwise known as the State Klan.

The judge contradicted this statement by Price, asserting that he declined to seek transfer to the secret Klan and that he insisted upon the acceptance of his resignation. He was informed by Price in a letter dated February 18, 1924, that the resignation "of some time past" had been accepted. In this communication Price stated that he could see no reason why a Superior Court judge cannot fulfill the duties of his office in accordance with his oath, and at the same time be affiliated with this organization.

The "Imperial Representative" added: "In addition, it is not the desire or will of the Klan to retain any man who is in a '100 per cent plus' in accordance with the various ways in which the Klan is being run." Judge Guerin was appointed to the bench July 27, 1923, approximately one year after he became a Klansman. Although he was unable yesterday to recall the exact date of his decision that the Klan teaching interfered with his judicial obligations, he said he occupied the bench for approximately two months while acknowledging allegiance to the Ku Klux Klan. He admitted that he had signed several applications of others for membership in the Klan, explaining that he did so at a meeting when the regular sponsors were absent.

His statement Judge Guerin's own formal statement of the matter, made yesterday, is as follows: "I have been asked for a statement concerning my former affiliation with the K.K.K. In the spring or early summer of 1923, at the solicitation of a friend, I joined the Klan.

"Shortly after I was appointed to the Superior bench I decided that I should resign from the order and communicated my desire to Mr. G. W. Price. Without my knowledge Mr. Price, without my membership being transferred to the secret Klan, which was never done, and after another communication, my resignation was accepted February 18, 1924.

"WALTER GUERIN." G. W. Price, Imperial Representative and official head of the Klan in California, whose name was signed to the letter stating Judge Guerin had made application for transfer to the secret Klan, and the letter stating Judge Guerin's resignation, said: "I do not intend to enter into any controversy with Judge Guerin. I will say this: If I wrote a letter to the Exalted Cyclops in Pomona stating Judge Guerin made application for transfer into the secret Klan I wrote it. I do not recall at this moment whether this application was made to me personally by Judge Guerin or by some one else for him, with or without his knowledge, but that this letter was written speaks for itself. I would have no object in writing that letter otherwise. Whatever date it is found on, the letter is the date it was sent.

"The letter accepting Judge Guerin's resignation speaks for itself. If you have the letters you can see what is in them." Mr. Price said he could not recall when Judge Guerin spoke to him or wrote him about his resignation.

GIRL HELD IN HOLD-UP OF MAN BY HIS RIVAL

Assorted to have deserted her companion for the man who robbed him of \$100 on an automobile ride, Ramona Ruiven was held to answer yesterday by Justice Ambrose Joseph Woolf, the victim testified.

She hired Craig Giles to drive him home after a party in which she and her friend, Miss Woolf, were present. When the car was driven to a secluded place, Woolf declared, Giles held him up and robbed him. When Giles drove away leaving Woolf in the car, Ruiven was by his side in the car, Woolf testified.

LANE GROVE DEDICATION KETTINTELBE (Humboldt County) Aug. 18.—Dedication of the new Lane Grove, Redwood Grove will be held at 2 p.m. Sunday by the Save-the-Redwoods League. The grove, containing 195 acres of redwood and fir, was bought by friends of the late Mr. Lane and has been deeded to the State as part of the Humboldt State Redwood Park. The program will start at 2 p.m. Kettin, who was in the Hollywood Bowl, Modest Aitschuler, Russian conductor, will direct the Hollywood Row orchestra in a program of all-Russian music.

LAW GRADUATES TO BE ADMITTED SOON

The Second District Court of Appeal, Division Two, announced yesterday that September 8, next, has been fixed as the date when law students who passed the June State bar examinations will be admitted to practice law in California. Clerk H. C. Lillie of the Appellate Court said the ninety students who were advised last week of having successfully passed the examinations are admitted in a group at that time. According to Lillie the court also will admit ten lawyers from other states who have applied for permission to practice law in this state.

VISITORS' DAY FRIDAY AT DUARTE HOSPITAL

Special visitors' day will be held at the Jewish Consumptive Relief Association sanatorium at Duarte Friday in order to interest citizens in the drive for a \$25,000 maintenance fund which is sought by that organization. The hospital, which is open for inspection every day in the week, Friday will be a special day with visitors welcome, except between the hours of 1 and 2 o'clock. The drive, which started last week, will come to a climax September 4, when a special symphony orchestra concert will be given in the Hollywood Bowl. Modest Aitschuler, Russian conductor, will direct the Hollywood Row orchestra in a program of all-Russian music.

AMBITION

"Ambition Should Be Made of Sterner Stuff"

It was one man's ambition that helped to advance the Bank of Italy from comparative obscurity to the largest banking institution west of Chicago. This bank is ambitious—to serve, to build, to grow.

If you have ambition—you can save and succeed. Without ambition very little would be accomplished.

Ambition is not essentially a talent or an inherited trait—you can develop it within yourself. An active savings account will help.

Why Do You Wash Your Hair?

Washing hair nowadays is more than a matter of cleanliness for women who want to retain their loveliness know that correct shampooing brings out their hair's full beauty and keeps it healthy. It is important to know the correct method. Here is a way that invariably brings gratifying results:

An especially fine shampoo for this weather can be easily made at trifling expense by simply dissolving a teaspoonful of caustic soda in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather and dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant while the hair takes on a glossy richness of natural color, also a softness which makes it seem very much heavier than it is. After a canthor shampoo arrange the hair in a pleasing manner.—(Advertisement.)

FULLERTON GIRL PLIGHTS TROTH

Wedding Expected to be Fall Event

(Lou Goodale Bigelow Photo) Miss Alice Wilber

THE attractive young daughter of Mr. and Mrs. Harry Lee Wilber of Fullerton on Saturday afternoon announced her engagement to Stanley Chapman, son

of Miss Alice Wilber, who announced her betrothal to Stanley Chapman, son of Mr. and Mrs. C. C. Chapman of Los Angeles and Fullerton. The luncheon table was most artistically adorned in pink and green, clusters of delicate roses and sprays of maidenhair ferns and tulle being combined with shower of lilies of the valley. Dainty French dolls in bridal attire added to the beauty of the decorations and the announcement was made by tiny bouquets which the place card carried, and corsage bouquets of lilies of the valley and pink buds adorned the places of the bride-elect and her bridesmaids-to-be. Those included were Mrs. W. H. Wickett, Mrs. C. C. Chapman, Mrs. Samuel L. Collins, Mrs. Stafford Dunlap, Mrs. Gaylord Rohrer, Mrs. G. V. Smith, Mrs. Leland Smith, Mrs. Harold McGraw, Mrs. G. A. Chapman, Mrs. C. Thamer, Mrs. Stewart Miller, Mrs. H. S. Wilber, Miss Marjorie McComber, Miss Blanche Hall, Miss Catherine Dyer, Miss Doris Lee, Miss Mary Dyer, Miss Alice Wilber and Miss Winnifred Wilber. Miss Wilber was graduated from Stanford and Mr. Chapman was educated at Yale. No date has been set as yet for the wedding, which probably will be one of the brilliant events of the year.

Home Again Mr. and Mrs. A. E. Halsey have returned from a ten weeks' delightful trip to Seward and Fairbanks, Alaska. They first motored up along the coast, visiting Crater Lake, Mt. Rainier, Yellowstone Park, Vancouver, Victoria and near-by points of interest. In all a 6200-mile motor trip. Mr. and Mrs. Halsey are now making their home at the Gaylord in Wilshire Boulevard.

For Bride-Elect One of the delightful affairs of recent date was the dinner party with which Mr. and Mrs. J. D. Day of Fremont Place entertained Saturday evening, honoring Miss Helen Rhodes, the attractive young daughter of Mr. and Mrs. Ulysses Grant Orendoff whose marriage to Judge Edwin Roberts will be solemnized September 15.

Marriage Announced Of much interest to many friends will be the news of the marriage of Miss Marjorie Luke, attractive daughter of Mr. and Mrs. Edwin Luke of Fourth Avenue, to Winston Fitch, son of Mrs. Bertha Vaughn of this city. The ceremony was read by Dr. George A. Davidson in St. John's Church, at high noon Thursday, in the presence of the immediate family only. Following their return from a wedding trip, Mr. and Mrs. Fitch will be at home to their friends after September 10, at 843 South Normandie Avenue. The bride was graduated from Marlborough School and later from the University of Texas.

Guests Here Mr. and Mrs. John McKinnon of Toronto, Can., are enjoying a delightful tour of the Pacific Coast and are domiciled while in Los Angeles at the New Rosslyn. Many delightful affairs are being given in their honor by their many friends here.

Moonlight Party Mr. and Mrs. E. L. Lanfair entertained Thursday evening with a dancing party at their lovely home in Echo Lake Canyon, north of Brentwood Green, whilst and five hundred being also enjoyed. Fifty invitations were issued and among those enjoying the evening were Mr. and Mrs. E. E. Wood, Mrs. Edna Fowler, Mrs. Minnie Partridge, Miss Nellie Oatman, Howard Green, S. J. Keene, Mr. and Mrs. Harold Lanfair of Los Angeles, Mrs. Richard Krue of Ripley, Cal., Mrs. Minnie Debbie of Pasadena, Mr. and Mrs. Shirley Wood, Mr. and Mrs. Mark Howard of Hollywood, Mr. and Mrs. D. H. Lanfair, Mr. and Mrs. Ed.

At Balboa Mr. and Mrs. Horace Miller, who have a beautiful home at Balboa Beach, have returned to their home in West Adams street after having passed the summer at Balboa. Their son Robert Miller, of San Gabriel and his interesting family occupying their cottage at the beach for the remainder of the summer.

Judge and Mrs. William Rhodes Harvey of Shatto Place with their two sons, each of whom owns a boat, are passing much of their time upon the water as do also the sons of Mr. and Mrs. Lynne Farwell, who have several sailboats and smaller craft. Mr. and Mrs. D. C. Cheesman are as usual enjoying their vacation at Balboa. The H. H. Hillmans of Hollywood are vacationing at Balboa this summer as are also the Ingles Carvins and the John Neegus family.

Judge and Mrs. William Fredrickson motored down for the week-end, enjoying a rest after strenuous days in Los Angeles these past few weeks, while Mr. and Mrs. Chester Wallace Brown and their attractive family are staying at home, enjoying their West Adams street home, "North Garden," but more than likely will build at Balboa before next summer.

Birthday Anniversary The marriage of Miss Helen Fitzgerald to Robert J. Walker, son of Mr. and Mrs. J. C. Walker of Los Angeles, was solemnized at the home of the bride's parents, Mr. and Mrs. J. F. Fitzgerald in Victoria Park Drive, Thursday the 14th inst. The bride wore her going-away gown of black cloth with chic hat to match and carried brides' roses with shower of lilies of the valley. The marriage vows were pledged before an altar of roses, anemones, lilies, asters and foliage, pink being the predominating color. The bride was graduated from University of Southern California and is a member of the Delta Delta Delta sorority, while Mr. Walker holds his Alma Mater

Body in Street Object of Quiz on Death Cause

Finding of a dead body believed to be that of Rudolph Malesak, of 130 West Fourth street, Long Beach, on Fuller Avenue near Santa Monica Boulevard late Sunday night has led to an intensive investigation by Hollywood police detectives to determine whether the man was a suicide or was killed.

When found by J. W. Pollard of the police department, the man had been dead for several hours from a bullet wound in his right temple. A revolver was still clutched in his right hand and he was lying in the shadow cast by trees, directly across the sidewalk.

A driver's license found in the clothing was made out to Rudolph Malesak. The body is held at the Gates, Crane & Earl undertaking parlors pending word from relatives or friends as to its disposal. Deputy sheriffs, notified of the finding of the body, also started an investigation at the point at which the man was found in order to locate the place.

ONE BID RECEIVED Public Works Board Refers Offer on "Wilmington Fill"

The Board of Public Works yesterday received one bid for filling, grading and sewerage of fifteen streets in the Wilmington district, known as the Banning Boulevard and E Street Improvement District and usually designated as the "Wilmington Fill" project. The one offer came from the Western Dredging Company, Harry Leaser, president, which offered to fill and grade the fifteen streets for \$146,180, and to install the sewer for \$143,670. The bid was referred to City Engineer Griffin for analysis and recommendation.

The streets to be filled and graded, and later, under a separate contract, to be paved and improved with sidewalks, curbs and gutters, are Lakemo, Sanford, Quay, Lecouvreur, Eubank, McFarland, Dominguez, Flinn, Pioneer Avenue and G. F. E. D. C. and B streets.

Complaints Prod Council's Committee to Action

Adoption of Improvement Plan Expected Today

City Engineer Starts Work of Preparing Program

Prodded into action by thousands of complaints from the people of Los Angeles as to the deplorable condition of city streets the City Council's Finance Committee yesterday recommended that \$1,000,000 be set aside from revenues derived from taxation for the sole purpose of improving the condition of thoroughfares.

"Our streets are getting worse every day," said President McGuire of the Board of Public

Works to the committee. "Something must be done at once."

The streets mender put in good condition at once," said President McGuire of the Board of Public Works and the City Council.

City Engineer Griffin said that it was imperative that he be given authority to employ men and purchase material for repairing and resurfacing the streets, and Councilman Baker of the committee, as well as the other two members, agreed that action should be taken at once. So the committee unanimously recommended that \$1,000,000 be set aside as a "street replacement" contingent fund, against which the City Council will draw and place funds to the credit of the City Engineer after the City Council has approved the plan proposed by the Board of Public Works and the City Council.

FREE OF TAXATION

The \$1,000,000 will be secured from taxation this year. The city tax limit of \$1.25 on each \$100 of assessable property will not be decreased, as the Councilmen agreed that the taxpayers would appreciate the repair of the streets more than they would a slight reduction of about 10 cents on each \$100 valuation, which could be possible under the increased property valuation in Los Angeles this year just announced by the County Assessor's office.

Preparatory to adopting the budget of expenditures of the city government for the fiscal year which began on July 1, last, the City Council received an estimate from the City Auditor as to the probable income of the city this fiscal year from taxation, and this gave the auditor the opportunity to show a total valuation of \$1,300,000,000 which, with revenues derived from Police Court fines, franchise, license and other sources, would give the city government a total income this fiscal year of \$1,300,000,000 and that the City Auditor had underestimated the city's revenue from taxation \$2,000,000.

REPAIRS DECIDED ON

The Finance Committee was

then, by a resolution, presented to the City Council yesterday by Councilman Mushet, instructed to decide whether the tax levy which will be established by the Council at the next Monday, be reduced to \$1.14 for governmental purposes on each \$100 valuation or whether to permit the tax rate to remain at \$1.25 and to use the \$2,000,000 on needed street and other work.

The committee yesterday in deciding to spend \$1,000,000 of the \$2,000,000 on repairing the streets also recommended that the additional \$1,000,000 be placed in the general fund for contingencies, such as continuing the program of adding men to the police force.

"The additional revenue must not be frittered away," said Councilman Mushet. "First, we must place the streets of the city in good condition. In all sections of the city the streets are in a deplorable condition. I was in the Hollywood district Sunday, and it was a case of bump-bump every where we rode. Let's repair the streets at once. The City Engineer should bring in at once a comprehensive program of street repair and request for the money that he will require to employ the men, equipment and materials needed to carry out this program. We must have action at once. The taxpayers will appreciate this more than any one thing we can do."

GRIFIN ACTS

City Engineer Griffin, who has been begging the City Council for two years for additional funds to be used in street replacement and repair work, was overjoyed at the recommendation of the committee, which is expected to be adopted by the Council this morning, and said that he would at once prepare and present to the Council a comprehensive program of street repair for approval.

SECOND BODY IS FOUND AT SEAL BEACH

Los Angeles Conductor Double Drowning Victim With Motorman Friday

By a "Times" Staff Correspondent

LONG BEACH, Aug. 18.—The body of Frank D. Moore, Los Angeles street car conductor who, with Roy Comerford, Los Angeles motorman, was drowned Friday while bathing at Seal Beach, was recovered in the surf this morning not far from the spot where the double tragedy occurred. Children playing on the beach discovered the body and reported their find to Seal Beach authorities.

Coroner Brown of Orange county ordered the body removed to the J. J. Mottel undertaking rooms in Long Beach, where it was placed beside the body of Comerford, whose body was recovered soon after the tragedy.

Funeral arrangements for both men have been delayed pending the arrival of relatives. Moore lived at 427 1/2 West Avenue Twenty-six and Comerford's home was at 612 Bonanza avenue. Both men were married, and their wives were helpless witnesses to the double drowning.

FIFTH STREET PAVING AND SEWER ASSURED

Sewers and paving for the recently graded Fifth street, from Grand avenue to Flower street, was assured yesterday afternoon when the City Council's Finance Committee appropriated \$11,400 for the paving and \$2000 for the sewer. The proviso was attached to the appropriation that no paving should be done until the sewer was laid and that all utilities, conduits and pipes shall be completed and laid before the pavement is laid. This will prevent any tearing up of the new pavement to lay conduits and install other underground work. The improvement will be paid for from \$50,000 contributed by the Fifth Street Improvement Fund.

STORE SAFE ROBBED

The safe in the H. C. Bland grocery at 2700 San Fernando Road was hampered open by burglars yesterday morning and \$431 in cash taken, according to a report to police by the owner of the store. The intruders used a sledge hammer to batter open the safe.

Quiz Continues in Death After College Dinner

The investigation into the death of Mrs. Mary Hewston, who died on the 10th inst., after consuming food believed to have been poisoned at a luncheon at Occidental College, is being conducted by the City Health Department.

City Health Commissioner Powers announced yesterday that though he had received a death certificate from Dr. S. S. Salisbury ascribing the woman's death to inflammation of the intestines, he was not satisfied with the physician's findings and would press the inquiry.

Though the major cause is given, Dr. Powers stated, no contributory causes are contained in the certificate. He indicated that ptomaine poisoning may have been the cause of death.

At the present time, Dr. Powers said, the department has no way of determining the cause of Mrs.

Hewston's death or whether others were made ill by eating the same food. The restaurant which served the food has gone out of business, he said, and the food served at the meal throws away. Letters, however, have been sent out by the department to the other guests at the luncheon and their replies will form the basis of any action which may be taken by the department.

PETITION FOR RETURN OF LIQUOR IS DENIED

Federal Judge James yesterday denied the petition of Maurice Ducair, 733 Hicks street, for the return of intoxicating liquor illegally seized last October by Federal prohibition agents. It was shown the agents had entered Ducair's residence with a search warrant. The plaintiff asserted the government had not proved the liquor was illegally possessed. Judge James held the burden of proof was on the petitioner to show the liquor was obtained before the prohibition law became effective. Personal property and materials entering into the manu-

facture of perfume, the liquor, were ordered returned.

Quiz Continues in Death After College Dinner

The investigation into the death of Mrs. Mary Hewston, who died on the 10th inst., after consuming food believed to have been poisoned at a luncheon at Occidental College, is being conducted by the City Health Department.

City Health Commissioner Powers announced yesterday that though he had received a death certificate from Dr. S. S. Salisbury ascribing the woman's death to inflammation of the intestines, he was not satisfied with the physician's findings and would press the inquiry.

Though the major cause is given, Dr. Powers stated, no contributory causes are contained in the certificate. He indicated that ptomaine poisoning may have been the cause of death.

At the present time, Dr. Powers said, the department has no way of determining the cause of Mrs.

Hewston's death or whether others were made ill by eating the same food. The restaurant which served the food has gone out of business, he said, and the food served at the meal throws away. Letters, however, have been sent out by the department to the other guests at the luncheon and their replies will form the basis of any action which may be taken by the department.

PETITION FOR RETURN OF LIQUOR IS DENIED

Federal Judge James yesterday denied the petition of Maurice Ducair, 733 Hicks street, for the return of intoxicating liquor illegally seized last October by Federal prohibition agents. It was shown the agents had entered Ducair's residence with a search warrant. The plaintiff asserted the government had not proved the liquor was illegally possessed. Judge James held the burden of proof was on the petitioner to show the liquor was obtained before the prohibition law became effective. Personal property and materials entering into the manu-

facture of perfume, the liquor, were ordered returned.

DIES COLLECTION

Charles V. Hall, 12 years of age, died of heart disease while collecting rent on a building he owned at Pico street, according to a report. Hall was taken to a hospital, where he died suddenly. It was known to be a heart trouble.

Adoption of Improvement Plan Expected Today

City Engineer Starts Work of Preparing Program

Prodded into action by thousands of complaints from the people of Los Angeles as to the deplorable condition of city streets the City Council's Finance Committee yesterday recommended that \$1,000,000 be set aside from revenues derived from taxation for the sole purpose of improving the condition of thoroughfares.

"Our streets are getting worse every day," said President McGuire of the Board of Public

Works to the committee. "Something must be done at once." The streets must be put in good condition at once," said President of the City Council Workman. "The people are demanding it."

City Engineer Griffin said that it was imperative that he be given authority to employ men and purchase material for repaving and resurfacing the streets, and Councilman Baker of the committee, as well as the other two members, agreed that action should be taken at once. So the committee unanimously recommended that \$1,000,000 be set aside as a "street replacement" fund.

Against which the City Council will draw and place funds to the credit of the City Engineer after the repair of additional men, equipment and materials have been approved by the Board of Public Works and the City Council.

FREE OF TAXATION

The \$1,000,000 will be secured from taxation this year. The city tax limit of \$1.25 on each \$100 of assessable property will not be decreased, as the Councilmen agreed that the taxpayers would appreciate the repair of the streets more than they would a slight reduction of about 10 cents on each \$100 valuation, which might be possible under the increased property valuation in Los Angeles this year just announced by the County Assessor's office.

Preparatory to adopting the budget of expenditures of the city government for the fiscal year which began on July 1, last, the City Council received an estimate from City Auditor as to the probable income of the city this fiscal year from taxation, and this

year placed the valuation of Los Angeles taxable property at \$1,200,000,000 which, with revenues derived from Police Court fines, franchises, licenses and other sources, would give the city government a total income this fiscal year of \$18,000,000, with a \$1.25 tax rate. When the actual county assessment figures were completed, they showed the actual valuation of the city at \$1,365,000,000 and that the City Auditor had underestimated the city's revenue from taxation \$2,000,000.

then, by a resolution, presented to the City Council yesterday by Councilman Musher instructed to recommend whether the tax levy which will be established by the Council next Monday, be reduced to \$1.14 for governmental purposes on each \$100 valuation or whether to permit the tax rate to remain at \$1.25 and to use the \$2,000,000 on needed street and other work. The committee yesterday in deciding to spend \$1,000,000 of the \$2,000,000 on repairing the streets also recommended that the additional \$1,000,000 be placed in the general fund for contingencies, such as continuing the program of adding men to the police force.

"The additional revenue must not be frittered away," said Councilman Musher. "First, we must place the streets of the city in good condition. In all sections of the city the streets are in a deplorable condition. I was in the Hollywood district Sunday, and it was a case of bump-bump every where we rode. Let's repair the streets at once. The City Engineer should bring in at once a comprehensive street-repair program, and requests for the money that he will require to employ the men, equipment and materials needed to carry out the program. We must have action at once. The taxpayers will appreciate this more than any one thing we can do."

GRIFFIN ACTS

City Engineer Griffin, who has been begging the City Council for two years for additional funds to be used in street replacement and repair work, was overjoyed at the recommendation of the committee, which is expected to be adopted by the Council this morning, and said that he would at once prepare and present his comprehensive street-repair program for approval.

SECOND BODY IS FOUND AT SEAL BEACH

Los Angeles Conductor Double Drowning Victim With Motorman Friday

By a "Times" Staff Correspondent LONG BEACH, Aug. 18.—The body of Frank D. Moore, Los Angeles street car conductor who, with Roy Comerford, Los Angeles motorman, was drowned Friday while bathing at Seal Beach, was recovered in the surf this morning not far from the spot where the double tragedy occurred. Children playing on the beach discovered the body and reported their find to Seal Beach authorities.

Corner Brown of Orange county ordered the body removed to the J. J. Motell undertaking rooms in Long Beach, where it was laid beside the body of Comerford, whose body was recovered soon after the tragedy.

Funeral arrangements for both men have been delayed pending the arrival of relatives. Moore lived at 627 1/2 West Avenue Twenty-six and Comerford's home was at 612 Romulo avenue. Both men were married, and their wives were helpless witnesses to the double drowning.

FIFTH STREET PAVING AND SEWER ASSURED

Sewers and paving for the recently graded Fifth street from Grand avenue to Flower street, was assured yesterday afternoon when the City Council's Finance Committee appropriated \$11,400 for the paving and \$2000 for the sewer. The proviso was attached to the appropriation that no paving should be done until the sewer was laid and that all utilities, conduits and pipes shall be completed and laid before the paving is laid. This will prevent any tearing up of the new pavement to lay conduits and install other underground work. The improvement will be paid for from \$30,000 contributed by the Fifth Street Improvement Fund.

STORE SAFE ROBBED

The safe in the H. C. Bland grocery at 2700 San Fernando Road was hammered open by thugs early yesterday morning and \$691 in cash taken, according to a report to police by the owner of the store. The intruders used a sledge hammer to batter open the safe.
